FOR IMMEDIATE RELEASE

October 27, 2025

**Southeastern Conference Calls for Prayer and Support for Hurricane
Melissa Relief Efforts**

Mount Dora, FL — The Southeastern Conference of Seventh-day Adventists extends heartfelt concern and solidarity to our brothers and sisters in Jamaica, Cuba, and surrounding islands who have been devastated by the catastrophic impact of Hurricane Melissa.

We recognize that many of our constituents and friends are eager to provide assistance during this time of urgent need. The most immediate and effective way to help is through **monetary contributions**. Donations may be made through the Conference's Adventist Giving webpage under *Hurricane – Relief Efforts* using the following link: 🖱️ <https://adventistgiving.org/donate/ANTTTT>

Please know that our Adventist Community Services and Disaster Response (ACS/DR) Team has been closely monitoring the situation in Jamaica and is actively engaged in meetings with local, national, and international partners regarding impending relief efforts.

As preparations are made for extensive relief and community redevelopment, we urge all members and friends to remain both prayerful and available for the Lord to use us as necessary. We will continue to provide updates and additional opportunities to assist as more information becomes available.

Respectfully and In His Service,
Dr. Michael K. Agyei Owusu
President

Pastor Wayne Hewlett
SEC Disaster Response Director

Mrs. Lesli Ahonkhai
Community Outreach and Engagement Director

“Sharing Hope, Restoring Wholeness”
